

Smart Solutions for RTM Formulations

CIRANDA ingredients help you create clean, functional mixes consumers trust.

From hydration and recovery to energy, focus, and protein support, ready-to-mix (RTM) drinks offer convenient, functional benefits for active lifestyles. Success depends on ingredients that dissolve smoothly, taste good, and are clean-label friendly.

CIRANDA's organic carbohydrates, fiber, and cocoa provide the foundation for better-for-you mixes. Tapioca and rice carbs fuel energy before, during, and after activity, while agave inulin supports gut health and reduces sugar without losing mouthfeel. Cocoa boosts flavor and helps mask protein off-notes. Together, these ingredients power RTM beverages that mix cleanly, perform effectively, and stand out on the label.

Maximize Function and Flavor in Every Mix

Formulating a standout drink mix starts with ingredients that balance functionality and consumer appeal.

- **Smooth Solubility:** Ingredients dissolve quickly and easily in liquid.
- **Balanced Energy:** Fast-digesting carbohydrates for pre-, during-, and post-workout support.
- **Gut Health & Texture:** Agave inulin adds fiber and improves mouthfeel.
- **Flavor & Flexibility:** Cocoa and neutral bulking agents support trending flavors.
